

## UNIVERSAL PROFILE

# JUMBO

The Jumbo profile comes from our large-size family range. It gives us a variety of options, such as hanging decorative luminaire or directly surface-mounted one. This profile, thanks to its large size, allows the installation of the LedFlex LED-band at different heights in order to achieve the lighting effect expected by the customer (mounting the strip on an additional aluminum fastening). The large size of the profile surface and its simple form significantly extends the usage and design possibilities. The Jumbo profile could be mounted with screws, professional double-sided tapes or mounting glue. With the help of customized end caps we achieve an aesthetic final result.

## Technical data

Material	aluminium
Profile colour	black or silver
LedFLEX lighting	30 LED/m 60 LED/m 120 LED/m RGB RGBW
Diffuser	frosted
Input voltage	12V or 24V
Power	2,4W/m; 4,8 W/m; 9,6 W/m; 12 W/m; 14,4W/m; 16W/m
Control	DALI, KNX, DMX, Smartphone
