

## UNIVERSAL PROFILE

# LD XL

LD XL is a profile from the Universal Profiles series, dedicated for outdoor and indoor installation. It is made of high-quality pure aluminum, available in a silver anode. It is suitable for lighting stairs and floors, and is also perfect for gardens, bathrooms, corridors, balconies etc. The easy-ON-cover provides protection with an IP65, resistant to high humidity and abrasion resistant. The profile is available in 2 m lags, which gives us a wider flexibility of design.
