

Discover the Maximus Industrial Lamp – your industrial hall and warehouse’s perfect lighting solution.

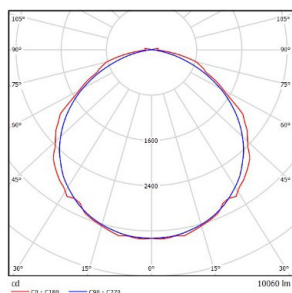

Hermet Maximus Industrial Lamp, the luminaire that redefines brilliance in industrial lighting. It excels in energy efficiency, boasting a powerful luminous flux while maintaining ideal dimensions and good price.

Energy Efficiency: The Maximus reduces power consumption significantly, promoting sustainability and cost savings for your workspace.

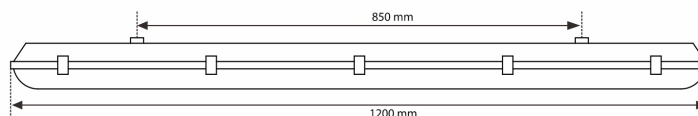

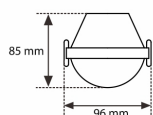

Powerful Luminosity: Illuminate vast industrial spaces with ease, thanks to the Maximus’s powerful luminous flux. Achieve unparalleled clarity and visibility for your employees.

Optimal Dimensions: Designed with your space in mind, this luminaire seamlessly integrates while delivering exceptional performance. The solid, industrial design ensures durability, and the hermetic housing allows for operation in difficult conditions.

Experience the Maximus’s adjustable lighting, durability, and easy installation. Elevate your workspace’s efficiency, safety, and aesthetics while reducing energy usage.

Dimensions

Parameters

Power	80 W
Light source	led module
Input voltage	230 V
Beam angle	140°
Colour	Neutral white
Colour temperature	4000 K
Luminous flux	10000 lm
LED durability	50.000 h
Ambient temperature range	From -20- +40°C
Controls and dimming	Dimmable
IP code	IP65
Colour Rendering Index (CRI)	>80
Energy class	E
External dimension of the luminaire [mm]	1200x120x90
Material of construction	PS/ABS, PC/ABS
